MEMORANDUM FOR: Members, Guided Missile and Astronautics
Intelligence Committee

SUBJECT : Nth Country Estimate

1. In the next month or so GMAIC will be required to make a contribution to an estimate on Nth Country Nuclear Delivery Capabilities. In anticipation of this requirement GMAIC Members are requested to; extend queries to overseas elements (attaches', MAAG Representatives, etc.), commence compilation of pertinent intelligence reports and studies, and alert appropriate analytical personnel within their respective organizations. This will avoid a last minute effort and will at the same time assure that GMAIC will have all available information on which a good estimate can be based.
